Agreed that the following Paper & Proposal be inserted in the Publick Papers

A Proposal for an Impression of Bibles in the Welsh Language

There being at this time the utmost Scarcity of Bibles in the Welsh Language and vast Numbers of Inhabitants in several parts of Wales being unable to purchase Bibles for themselves, their unhappy case is most earnestly recommended to the publick Compassion for a pious and Liberal assistance, to furnish y.e people with y.e Holy Scriptures in that Language in which alone they can possibly read them.

The Society for promoting Christian Knowledge being fully perswaded of y.e Excellency & Necessity of such a Charity have not only agreed to recommend & encourage it: but have likewise undertaken y.e Management of this good work, under the direction of the Right Rev.d the Bishops, in whose Dioceses the Welch Language is used — and accordingly they have already made a Contract with y.e University of Cambridge for an Impression of fifteen thousand 15000 Bibles & Common Prayer Books together with y.e Psalms in Metre on a large Letter not doubting but that the same gracious Providence which has prospered all their other Undertakings for the Glory of God, & y.e Salvation of Souls, will also raise up Benefactors to enable them to complete this, notwithstanding the Expence of it will amount to a very large Sum.

all therefore who are disposed to encourage so charitable and Christian a design, & desire to have it go forward with all possible Expedition are hereby requested to pay or remit their respective Contributions as soon as may be to the Treasurers of the Society, or to any of the following persons who have kindly engaged to receive them (viz.t)

The Rev.d W.m Archdeacon Donne Rector of Lambeth Treas.r
Will.m Hillard Esq.r in Feather stone buildings Holborn } Soc.y
Benj.n Hoare Esq.r in Fleet Street }
The Rev.d Dr. Wilson Rector of St. Stephen walbrook
The Rev.d Dr. Watson at Twickenham in Middlesex
John Thorold Esq.r at Kensington Gravel pits
S.r Joz: Hankey in Fenchurch Street
Dr. Drummond Banker at Charing Cross
Dr. Hartley at Bath
And the Secretaries at the Society House
in Bartlets buildings, Holbourn.

Ordered that this above Proposal be printed every Tuesday in the Daily Advertizer & Every Saturday in y.e London Evening Post for 6 Weeks together.
And that 1000 of the above proposals be printed on a small half sheet in order to be given away and 2000 ~~of the same~~ in Quarto with a blank leaf that y.e same may be sent to all y.e Members of y.e Society as the Secry have occasion to write to them

The Society for promoting Christian Knowledge having, by the Blessing of God, finished a Third Impression of 20,000 Welch Bibles, are considering how and through whose Hands they may order such a Distribution of them, as will diffuse the Good they hope to do thereby throughout the whole Principality of Wales: and are come to this general Resolution, That they will have, without Respect of Persons, a due Regard not only to the Extent of each Diocese, but likewise to the Number and Circumstances of its Welch Inhabitants. Accordingly I have it in Command from the Society to desire of their Members, that they will, as soon as they can, signify to the Board, how many Books they think they shall have an Opportunity to dispose of; distinguishing each Diocese, nay each Parish, and if it may be, each Family, wherein they propose to distribute them; and being careful, that though they have not the Plenty, they could wish, there may be still no such Scarcity, but that each single Family may be benefited, without doing a Prejudice to others, who may stand in equal Need of the same Blessing, and are known to be no less willing to use it religiously.

The Binding of this whole Impression is contracted for, and will be forwarded with all the Haste that can be made without Damaging the Books

The Price of each Bible bound in Calf, will be four Shillings and sixpence, Carriage included. Payment to be made upon the Delivery of the Books; a Condition, which the Society are obliged to insist on since the Money received from the Sale of the two former Impressions and from present Benefactions, has not answered the Charge of Paper and Printing in this, and Nothing is left towards defraying the great Sum that will be requisite for binding up these Books, and sending them Carriage-free, into the Country. And as this is the State of the Case, the Society think it but just to save their other Funds, as soon as they can, from the extraordinary Burthen that now lays upon them, in being loaded with a heavy Debt incurred by this Impression.

The Society desire the Members who are intrusted with the Disposal of these Bibles, to guard with peculiar Caution that they be not sold at a higher Price than four Shillings and sixpence each Book; and in hope that them, as Fellow-Helpers with the Society in the Good Work of promoting Christian Knowledge, that they will use their best Endeavours to distribute this inestimable Treasure in the most diligent Manner; and to have a particular Regard to such Families as are known to be piously disposed, and who would not make Merchandize of the Word of God
